

Photo Cards

Materials

- 6 Digital photos – printed on regular copy paper
- Paper cutter
- White glue or spray glue
- Scrap mat board
- Wood pieces with grooves (or clay with grooves)

Procedure

1. Choose a theme and take photos related to that theme.

2. Print the images on regular copy paper (8 ½ x 11).

3. Isolate a good composition within each of the images and crop the photos using a paper cutter (or scissors). The completed images should be 4" x 6" in size.

4. Glue the images onto 4 x 6 mat board. These will be your photo cards.

5. Place the images onto strips of wood that have 3 rows of grooves (you can use a router to do this if you have one available. If you don't have access to wood, create a base out of clay and make 3 rows of grooves in the clay to hold the images.

6. Rearrange the photo sculpture at whim.
