

## "Quote" meal Box

1. Collect or ask students to bring in oatmeal cereal boxes. They are cylindrically shaped and have a plastic lid. Pringles cans also work for this project except that you cannot reach into the can to obtain the quotes.
2. Open discussion about the theme of their quotes they wish to use (character traits, famous artist quotes, humorous quotes, etc.)
3. Discuss how the quotes will be placed in the box. Will they be printed on a crayon, on the back of an image of a famous artist, on a roll that you pull out from the can, on small slips of paper....?
4. Discuss method, medium, and images they will use in creating their box.
