

TISSUE PAPER AND FOIL

Materials

- Plain or decorated tissue paper
- Aluminum foil
- Spray adhesive (use in well ventilated area)
- Rubber stamps and ink (optional)

Directions

1. Before you begin, you may decorate your plain tissue paper by applying paint or using markers to create a design.
2. You may also use rubber stamps to create a design.
3. Tear or cut your foil to a size you desire.
4. Apply the spray adhesive to your foil.
5. Using your plain or decorated paper, place your decorated or plain tissue on the sprayed foil.
6. Repeat on the opposite side of the foil.
